

WHAT IS JUDAH ACADEMY?

Judah Academy of the Worship Arts is a Christian based business dedicated to teaching and cultivating the gifts of those who want to learn their craft.

To begin, Judah Academy will work with willing students in the areas of Singing, Dancing, and Music. The teachings will be based on Christian music and principals, which is why it is called an academy of the worship arts.

Though this is a faith-based company, all are welcome to come, learn, practice, and perfect their craft in any of these three areas.

OUR VISION

To empower and unlock God-given gifts and talents within the local church and secular community.

OUR MISSION

Judah Academy of the Worship Art's Mission is teaching, equipping, and cultivating natural talents and gifts by imparting knowledge and skill in the fine arts of Christian worship.

# ABOUT JAWA

Founded by Bryonna Payton, Susan Booker, and Brittani Pleasant, Judah Academy of the Worship Arts is the combined vision and effort of three women of God that desire to impact the city of San Antonio and surrounding areas with the gifts God has given to them. Judah Academy was created out of the necessity of musical arts coaching in the Kingdom of God and the community.

As a Non-Profit, Judah Academy will provide scholarships and instruments to deserving students in diverse San Antonio communities to assist in the growth and empowerment of gifted people. Because the academy is for the young and young at heart, JAWA students are encouraged to pursue their dreams and forge their own path in life.

As a For-Profit, Judah Academy will serve the community as an educational outlet for those who desire more from themselves in the area of their musical gift.

Having assembled a team for each area of study, Judah Academy provides more than 50 years of combined vocal experience and training, more than 30 years of combined dance experience, technique, and training, and more than 40 years of combined instrumental experience and training. This team has pledged to give the students of this academy their best efforts in bringing forth the best of their gifts.
